

**PERMISSION**

**AND**

**RULES**

**FORM**

Players are expected to attend every practice and game for the duration of the event. And to be on time ready for whatever the team function may be- game, practice, etc.

A coach is to be notified if the player can't attend a team function prior to the event. (a list of coach's phone numbers will be provided)

A player must maintain passing grades and good conduct in class as well as home.

All players are required to help with any fundraising that they are asked to participate in.

Disrespect toward any coach, teammate, game official, opposing team or parent **will not** be tolerated.

I Coach Coggins reserve the right to add rules to this policy as unforeseen problems may arise and we as a coaching staff whether individually or collectively will determine the punishment for any violation of team rules.

My child, \_\_\_\_\_ has my permission to participate in football at Southside School. I understand that my child must abide by all rules and regulations of the coaching staff and athletic dept. I will do all I can to ensure that my child is at every practice and game. If a conflict does arise, I will notify the coaching staff as soon as possible.
